

Subject card

Subject name and code		English Language , PG_00056984						
Field of study		Environmental Engineering						
Date of commencement of studies		October 2022	Academic year of realisation of subject			2024/2025		
Education level		first-cycle studies	Subject group					
Mode of study		Part-time studies	Mode of delivery			at the university		
Year of study		3	Language of instruction			English		
Semester of study		6	ECTS credits			3.0		
Learning profile		general academic profile	Assessment form			assessment		
Conducting unit		Language Center -> Vice-Rector for Education						
Name and surname of lecturer (lecturers)		Subject supervisor		mgr Małgorzata Strach-Drabina				
		Teachers						
Lesson types and methods of instruction		Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
		Number of study hours	0.0	36.0	0.0	0.0	0.0	36
		E-learning hours included: 0.0						
Learning activity and number of study hours		Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study		SUM
		Number of study hours	36	2.0		37.0		75
Subject objectives		Development and consolidation of English language command, including reading, speaking, listening, writing and translation in a technical and professional environment.						
Learning outcomes		Course outcome		Subject outcome		Method of verification		
		[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Understanding technical texts and instructions. Translating and summarising short technical texts. Preparing presentations. Comprehension of longer speeches and lectures.		[SK4] Assessment of communication skills, including language correctness		
		[K6_K81] is able to cooperate in international team		Ability to communicate and cooperate in an international group.		[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness		
		[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Successful communication in general and professional language.		[SW2] Assessment of knowledge contained in presentation		
		[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		Successful communication with fellow professionals, colleagues, trainers and customers in an international environment with regard to cultural differences.		[SU2] Assessment of ability to analyse information		
		[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Successful communication in daily life and in an academic and professional environment. Understanding of specialist literature and technical instructions. Translation of short technical texts. Preparation of presentations. Writing formal letters, CVs, covering letters and summaries of specialist texts. Understanding of speeches and lectures.		[SU2] Assessment of ability to analyse information		

Subject contents	<p>Listening: news report, a slide presentation, a radio interview with an engineer; Speaking: talking about a sequence of events in a diagram, practicing asking and answering questions, exchanging technical information, designing a new product, presentation of a design, comparison of 2 diagrams, a job interview, answering phone calls, giving parameters, taking part in meetings, giving a short talk on a technical process, describing diagrams, discussing and explaining main points of instructions; Reading: extracts from a technical article, emails, web pages, scanning specifications to find required data, understanding instructions, extracts from engineering magazines; Writing: making notes, completing charts, a description of a design, a CV, emails, a report from a meeting, writing short instructions, a summary of main points of a briefing document, taking notes of a lecture, a manual. Grammar and vocabulary complementary to the current material,</p>		
Prerequisites and co-requisites	<p>Before joining a language group at a particular level, the student must first attain the preceding level, i.e. A1 before joining an A2 group, A2 before joining B1, B1 before joining B2, B2 before joining C1 and C1 before joining C2.</p>		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Tests	60.0%	60.0%
	Writing	60.0%	20.0%
	Participation	60.0%	20.0%
