| Learning activity and number of study hours | Learning activity  | Participation in didactic classes included in study plan |   | Participation in consultation hours |   | Self-study | SUM |
|   | Number of study hours  | 30   |   | 0.0                                 |   | 0.0        | 30  |
| Subject objectives                          | <p>Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study.</p> <p>It is concluded with the ACERT exam.</p> |  |   |                                     |   |            |     |
| Learning outcomes                           | Course outcome   |  | Subject outcome                         |                                     | Method of verification                                  |            |     |
|   | [K6_U81] is able to communicate appropriately in everyday life, in academic and professional environments  |  | Student communicates with the group     |                                     | [SU1] Assessment of task fulfilment                     |            |     |
|   | [K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study   |  | Student produces correct utterances     |                                     | [SW2] Assessment of knowledge contained in presentation |            |     |
|   | [K6_K81] is able to cooperate in international student team  |  | Student cooperates with the group       |                                     | [SK1] Assessment of group work skills                   |            |     |

|                                 |  |                          |                   |
|---------------------------------|--|--------------------------|-------------------|
| Subject contents                | <b>Vocabulary:</b>   |                          |                   |
|                                 | Developing general knowledge of the language and introducing specialist terms and expressions used in the field of mathematics. Practising complex lexical structures. Introducing basic terminology of mathematics and general engineering.                                     |                          |                   |
|                                 | <b>Grammar:</b>  |                          |                   |
|                                 | Developing B2/C1 level grammar structures essential for written and verbal communication.  |                          |                   |
|                                 | <b>Writing:</b>  |                          |                   |
|                                 | Practising skills in writing various formal and informal texts such as reports, emails, CVs, notes, instructions, descriptions of processes.   |                          |                   |
|                                 | <b>Reading:</b>  |                          |                   |
| Prerequisites and co-requisites | Developing various reading techniques indispensable for dealing with general and professional texts.   |                          |                   |
|                                 | <b>Listening:</b>  |                          |                   |
|                                 | Developing listening comprehension skills necessary in workplace and everyday life situations such as telephone conversations, interviews, customer service communication, lectures and presentations.   |                          |                   |
|                                 | <b>Speaking:</b>   |                          |                   |
|                                 | Practising general and specialist language communication skills such as presenting arguments, solving problems, participating in case studies, holding formal and informal conversations and job interviews. Practising the correct pronunciation and intonation of expressions. |                          |                   |
|                                 | Before joining a language group, students are expected to be at level B1 or higher.  |                          |                   |
|                                 | Assessment methods and criteria  | Subject passing criteria | Passing threshold |
| 20% homework                    |  | 60.0%                    | 20.0%             |
| 20% classroom activity          |  | 60.0%                    | 20.0%             |
| 60% test                        |  | 60.0%                    | 60.0%             |
|                                 |  |                          |                   |
