

Subject card

Subject name and code	BUSINESS INFORMATICS, PG_00066474						
Field of study	Economic Analytics						
Date of commencement of studies	October 2024	Academic year of realisation of subject			2024/2025		
Education level	first-cycle studies	Subject group			Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	1	Language of instruction			Polish		
Semester of study	2	ECTS credits			4.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Informatics in Management -> Faculty of Management and Economics						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Grażyna Musiatowicz-Podbiał				
	Teachers		dr Grażyna Musiatowicz-Podbiał				
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	30.0	0.0	0.0	45
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	45		6.0		49.0	100
Subject objectives	Acquisition of the ability to use information systems in organizations.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_W03] Knows reliable sources of information and uses advanced knowledge to explain fundamental dilemmas of the modern economy.		acquires knowledge from a variety of sources, appropriately supplementing it with data and observations, in order to properly understand the issues		[SW1] Assessment of factual knowledge [SW3] Assessment of knowledge contained in written work and projects		
	[K6_U07] Applies advanced information technologies to enhance data analysis and decision-making processes.		uses information technologies adequate to the problem to be solved, ensuring effective obtaining of the results needed to make a decision		[SU4] Assessment of ability to use methods and tools [SU3] Assessment of ability to use knowledge gained from the subject [SU1] Assessment of task fulfilment		

Subject contents	<p>LECTURES Information technology as a tool supporting organizations Information theory. Data, information, knowledge, information capital, knowledge-based economy. Information attributes and information security. Information system: structure, typology, development trends. Software Development Life Cycle. Integrated systems of the MRP / MRP (II) / ERP. CRM systems. Decision-support systems (incl. AI tools) E-business environment. Digital economy, digital business, digital transformation of organizations. Digital channels, multi-channeling, omnichanneling. Network and virtual organizations. Industry 5.0 and Society 5.0. SDLC.</p> <p>LABORATORIES Using Excel as an analytical tool (sorting, filtering, searching and selecting of data). Data structures: tables, lists and databases. The use of financial formulas (loans, investments, discount and depreciation functions). Data format and presentation (date and time functions, non-standard data formats). Case study assignment based on actual market data. Final assignment.</p>											
Prerequisites and co-requisites	Foundational ability to use office applications for the analysis and presentation of data and phenomena, in particular referring to MS Excel.											
Assessment methods and criteria	<table border="1" data-bbox="451 797 1487 925"> <thead> <tr> <th data-bbox="451 797 794 831">Subject passing criteria</th> <th data-bbox="794 797 1137 831">Passing threshold</th> <th data-bbox="1137 797 1487 831">Percentage of the final grade</th> </tr> </thead> <tbody> <tr> <td data-bbox="451 831 794 891">Knowledge tests and assignments to lectures</td> <td data-bbox="794 831 1137 891">50.0%</td> <td data-bbox="1137 831 1487 891">50.0%</td> </tr> <tr> <td data-bbox="451 891 794 925">Labs and assignments assessment</td> <td data-bbox="794 891 1137 925">50.0%</td> <td data-bbox="1137 891 1487 925">50.0%</td> </tr> </tbody> </table>			Subject passing criteria	Passing threshold	Percentage of the final grade	Knowledge tests and assignments to lectures	50.0%	50.0%	Labs and assignments assessment	50.0%	50.0%
Subject passing criteria	Passing threshold	Percentage of the final grade										
Knowledge tests and assignments to lectures	50.0%	50.0%										
Labs and assignments assessment	50.0%	50.0%
