

Subject card

Subject name and code	CONTEMPORARY LABOR MARKETS, PG_00067218						
Field of study	Economics						
Date of commencement of studies	October 2024	Academic year of realisation of subject			2025/2026		
Education level	first-cycle studies	Subject group			Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	4	ECTS credits			2.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Statistics and Econometrics -> Faculty of Management and Economics						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Dagmara Nikulin				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		5.0		15.0	50
Subject objectives	The possibilities of comparative analysis to research labor markets are used.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_K03] Critically evaluates their own knowledge necessary to solve cognitive and practical problems, supplementing gaps with input from external experts.		demonstrates a critical approach to selecting reliable sources of information required for benchmarking labor markets		[SK5] Assessment of ability to solve problems that arise in practice [SK2] Assessment of progress of work		
	[K6_U06] Acquires new specialized knowledge related to the field of economic analytics by planning a personal lifelong learning strategy		gains new knowledge necessary to conduct comparative analyzes and make conclusions based on their results		[SU2] Assessment of ability to analyse information [SU3] Assessment of ability to use knowledge gained from the subject [SU4] Assessment of ability to use methods and tools		
Subject contents	Modern theories related to the labor market Determinants of contemporary labor markets Demographic and educational determinants of the situation on the labor market Contemporary labor market institutions Trade unions and their role Flexibility in the labor market New forms of employment: condition, causes, effects Segmentation of the labor market The impact of globalization on modern labor markets GIG economy and related forms of work Informal work - measurement methods, causes, effects						
Prerequisites and co-requisites	Basic knowledge on micro and macroeconomics and statistics.						
Assessment methods and criteria	Subject passing criteria		Passing threshold		Percentage of the final grade		
	final oral examination		60.0%		80.0%		
	quizzes		0.0%		20.0%
