

## Subject card

Subject name and code	Vocational Training, PG_00067034						
Field of study	Automatic Control, Cybernetics and Robotics						
Date of commencement of studies	October 2025	Academic year of realisation of subject			2028/2029		
Education level	first-cycle studies	Subject group			Optional subject group		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	4	Language of instruction			Polish		
Semester of study	7	ECTS credits			6.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Microelectronic Systems -> Faculty of Electronics Telecommunications and Informatics -> Faculties of Gdańsk University of Technology						
Name and surname of lecturer (lecturers)	Subject supervisor	dr inż. Piotr Kaczmarek					
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	0.0	0
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study	SUM	
	Number of study hours	0	2.0		160.0	162	
Subject objectives	The objectives of practice are as follows: <ul style="list-style-type: none"><li>• apply knowledge and skills acquired during previous studies,</li><li>• acquisition of a new knowledge, skills and social competence</li><li>• knowledge of the industrial environment of teamwork and the conditions and rules in force in this environment</li><li>• development of appropriate attitudes to work in a team: taking care of the quality of work, timeliness tasks, correct cooperation with others and cells in the place of practice, developing his own initiative in the work environment, the acquisition of skills work efficiently as a team.</li></ul>						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K6_K02] is ready to critically assess possessed knowledge and acknowledge the importance of knowledge in solving cognitive and practical problems	The student learns what work in an industrial company is about. The student can work safely in the company. The student is convinced of the need to constantly update their knowledge. The student knows the methods of managing the company.	[SK1] Assessment of group work skills [SK5] Assessment of ability to solve problems that arise in practice
	[K6_U11] can plan and organise individual and team work	The student learns what work in an industrial company is about. The student can work safely in the company. The student is convinced of the need to constantly update their knowledge. The student knows the methods of managing the company.	[SU1] Assessment of task fulfilment
	[K6_K03] is ready to meet social obligations, co-organise activities for the social environment, initiate actions for the public interest, think and act in an entrepreneurial way	The student learns what work in an industrial company is about. The student can work safely in the company. The student is convinced of the need to constantly update their knowledge. The student knows the methods of managing the company.	[SK1] Assessment of group work skills [SK5] Assessment of ability to solve problems that arise in practice
	[K6_K01] is ready to cultivate and disseminate models of proper behaviour in and outside the work environment; make independent decisions; critically evaluate actions of their own, teams they lead and organisations they are part of; take responsibility for results of these actions; responsibly perform professional roles, including: n - observing rules of professional ethics and require it from others, n - care for the achievements and traditions of the profession	The student learns what work in an industrial company is about. The student can work safely in the company. The student is convinced of the need to constantly update their knowledge. The student knows the methods of managing the company.	[SK1] Assessment of group work skills [SK5] Assessment of ability to solve problems that arise in practice
