

Subject card

Subject name and code	MSc Diploma Seminar I, PG_00068984						
Field of study	Informatics						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2026/2027		
Education level	second-cycle studies		Subject group		Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Part-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	3		ECTS credits		4.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Department of Computer Communications -> Faculty of Electronics Telecommunications and Informatics -> Faculties of Gdańsk University of Technology						
Name and surname of lecturer (lecturers)	Subject supervisor		dr inż. Jacek Lebieź				
	Teachers		dr inż. Jacek Lebieź				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	8.0	8
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	8		8.0		84.0	100
Subject objectives	Supervision of the ongoing work on the master thesis, preparation to the thesis defence.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K7_K02] is ready to provide critical evaluation of received content and to acknowledge the importance of knowledge in solving cognitive and practical problems	A student is ready to critically assess the content received, recognize the importance of knowledge in solving cognitive and practical problems.	[SK4] Assessment of communication skills, including language correctness
	[K7_U10] can individually plan and pursue their own lifelong education and influence others in this aspect, also by means of advanced information and communication technologies (ICT), and communicate on specialist issues with diverse recipients, appropriately justify points of view, hold debates, present, assess and discuss different opinions and points of view, as well as use specialist terminology related to the field of study in communication	A student is able to independently plan and implement their own lifelong learning and guide others in this area, including using advanced information and communication techniques (ICT) and to communicate in the area of specialized topics with diverse audiences, properly justify positions, conduct a debate, present and evaluate and discuss various opinions and positions, as well as communicate using specialized terminology related to the field of study.	[SU5] Assessment of ability to present the results of task
	[K7_K01] is ready to create and develop models of proper behaviour in the work and life environment; undertake initiatives; critically evaluate actions of their own, teams and organisations they are part of; lead a group and take responsibility for its actions; responsibly perform professional roles taking into account changing social needs, including: - developing the achievements of the profession, - observing and developing rules of professional ethics and acting to comply to these rules	A student is ready to create and develop patterns of proper conduct in the work and life environment, take initiatives, critically assess himself and the teams and organizations in which he participates, lead the group and take responsibility for it, responsible professional roles taking into account changing social needs, including: - developing the profession's achievements, - maintaining the ethos of the profession, - observing and developing the principles of professional ethics and acting to comply with these principles.	[SK4] Assessment of communication skills, including language correctness

[SK4] Assessment of communication skills, including language correctness
Subject contents	Course content – seminar Presentation of the assumptions and preliminaries of the thesis being prepared, and of specific goals to be achieved with regard to the state of the art and existing practice. Student presents an outline, planned schedule, and other aspects of the thesis, including involved risk. Discussion on the presentation. Presentation of the obtained results and achieved goals as compared to the initial projections. Critical discussion of the presentation.		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	attendance	60.0%	20.0%
	two presentations of the thesis being prepared	60.0%	60.0%
	participation in discussions on other presentations	60.0%	20.0%
Recommended reading	Basic literature	"Regulamin dyplomowania na Wydziale Elektroniki, Telekomunikacji i Informatyki Politechniki Gdańskiej" (http://www.eti.pg.gda.pl/studenci/druki/) "Konspekt pracy magisterskiej", wyd. KIO WETI PG	
	Supplementary literature	No requirements	
	eResources addresses		
Example issues/ example questions/ tasks being completed	two presentations of the thesis being prepared		
Practical activities within the subject	Not applicable
