

Subject card

Subject name and code	English Language, PG_00050026								
Field of study	Civil Engineering								
Date of commencement of studies	February 2025		Academic year of realisation of subject			2025/2026			
Education level	second-cycle studies		Subject group						
Mode of study	Full-time studies		Mode of delivery			at the university			
Year of study	1		Language of instruction			Polish			
Semester of study	2		ECTS credits			4.0			
Learning profile	general academic profile		Assessment form			assessment			
Conducting unit	Language Center -> Vice-Rector For Education								
Name and surname	Subject supervisor		mgr Ewa Bieńkowska						
of lecturer (lecturers)	Teachers		mgr Ewa Bieńkowska						
	dr Iwona Mokwa-Tarnowska								
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Projec	:t	Seminar	SUM	
, ,	Number of study hours	0.0	60.0	0.0	0.0		0.0	60	
	E-learning hours inclu	ıded: 0.0		1		1			
Learning activity and number of study hours	Learning activity	Participation in classes include plan		Participation in consultation hours		Self-study S		SUM	
	Number of study 60 hours		2.0		38.0 100				
Subject objectives	The aim of the course is to acquire the ability to use English in an academic and professional environment								
Learning outcomes	Course outcome		Subject outcome			Method of verification			
	[K7_U82] is able to proficiently obtain and process information related to field of study and academic environment in foreign language at B2+ level of the Common European Framework of Reference for Languages (CEFR)		The student is able to obtain and process information in English regarding his field of study and academic environment.			[SU1] Assessment of task fulfilment [SU2] Assessment of ability to analyse information			
	[K7_K81] is able to cooperate in international team at her/his own university, during work placement and during study abroad		The student is able to cooperate in an international group.			[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills			
	[K7_U81] is able to communicate with ease in foreign language at B2+ level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		The student is able to communicate effectively in everyday life situations as well as in his professional field and academic environment.			[SU1] Assessment of task fulfilment			
	[K7_K82] is equipped to participate actively in lectures, seminars and laboratory classes conducted in foreign language		The student is prepared to participate in lectures, seminars and laboratories conducted in English			[SK2] Assessment of progress of work			
	[K7_W81] has knowledge of complex grammatical structures and diverse lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		The student is able to use grammatical structures and vocabulary in the field of general and specialized language.			[SW3] Assessment of knowledge contained in written work and projects			

Subject contents	Course content – exercises Vocabulary: Deepening language skills through situational exercises, case studies, comprehension tasks, additional reading materials, specialist articles and language exercises in the field of Civil Engineering. Writing: Developing the ability to write a variety of texts necessary at work and at the university: thesis abstract, report, data analysis, process description. Improving writing techniques with particular emphasis on the correctness of the style and consistency of the text, the use of text quotes and paraphrases. Listening and speaking: Improving listening and communication skills in academia and the world of work. Practicing giving presentations, conducting formal meetings, videoconferences and negotiations. Developing intercultural awareness, critical thinking and project management skills. Reading: Developing the ability to read and understand academic and technical texts. Particular emphasis is placed on critical reading, searching, selecting and organizing information, recognizing and interpreting implied meanings, and taking notes.
