

## Subject card

Subject name and code	English Language, PG_00054507						
Field of study	Environmental Engineering						
Date of commencement of studies	October 2023		Academic year of realisation of subject		2025/2026		
Education level	first-cycle studies		Subject group				
Mode of study	Part-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		English		
Semester of study	5		ECTS credits		4.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Language Center -> Vice-Rector For Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Małgorzata Strach-Drabina				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	36.0	0.0	0.0	0.0	36
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	36		2.0		37.0	75
Subject objectives	Development and consolidation of English language command, including reading, speaking, listening, writing and translation in a technical and professional field. The course is concluded with the exam.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Successful communication in an academic environment. Understanding of speeches and lectures.		[SK4] Assessment of communication skills, including language correctness		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Understanding of various texts, including technical and specialist literature. Translation of short technical texts. Preparation of short presentations. Writing formal letters, CVs, covering letters and summaries of specialist texts.		[SW2] Assessment of knowledge contained in presentation		
	[K6_K81] is able to cooperate in international team		Ability to communicate and cooperate in teams.		[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		Ability to prepare a description of a process, a diagram, a figure, an instruction and so on.		[SU5] Assessment of ability to present the results of task		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Successful communication in daily life and in an academic and professional environment.		[SU5] Assessment of ability to present the results of task		

Subject contents	Listening: news report, a slide presentation, a radio interview with an engineer; Speaking: talking about a sequence of events in a diagram, practicing asking and answering questions, exchanging technical information, designing a new product, presentation of a design, comparison of 2 diagrams, a job interview, answering phone calls, giving parameters, taking part in meetings, giving a short talk on a technical process, describing diagrams, discussing and explaining main points of instructions; Reading: extracts from a technical article, emails, web pages, scanning specifications to find required data, understanding instructions, extracts from engineering magazines; Writing: making notes, completing charts, a description of a design, a CV, emails, a report from a meeting, writing short instructions, a summary of main points of a briefing document, taking notes of a lecture, a manual; Grammar: complementary to the current material; Vocabulary: Introducing basic terminology of mathematics and general engineering, as well as specialist terms and expressions used in the field of environmental engineering		
Prerequisites and co-requisites	Before joining a language group at a particular level, the student must first attain the preceding level, i.e. A1 before joining an A2 group, A2 before joining B1, B1 before joining B2, B2 before joining C1 and C1 before joining C2.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	speaking	60.0%	20.0%
	tests	60.0%	60.0%
	writing	60.0%	20.0%
