

## Subject card

Subject name and code	Physical Education I, PG_00040162							
Field of study	Power Engineering							
Date of commencement of studies			Academic year of realisation of subject			2025/2026		
Education level			Subject group					
Mode of study			Mode of delivery			at the university		
Year of study			Language of instruction			Polish		
Semester of study	3		ECTS credits		0.0			
Learning profile	general academic profile		Assessment form			assessment		
Conducting unit	Academic Sports Center -> Vice-Rector For Student Experience							
Name and surname	Subject supervisor		mgr Kazimierz Rozwadowski					
of lecturer (lecturers)	Teachers							
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0		0.0	30
	E-learning hours inclu	uded: 0.0		-				
Learning activity and number of study hours	Learning activity Participation in di classes included plan					Self-study		SUM
	Number of study hours	30		0.0		0.0		30
Subject objectives	Approving of healthy style of life by means of physical activity.							
	Developing a correct body posture and building up physical fitness.							
	Getting to know basic information about sports disciplines.							
	Using the acquired knowledge in order to choose the proper physical activity.							

Data wygenerowania: 14.06.2025 10:14 Strona 1 z 3

importance of physical activity and its impact on the proper functioning of the body and plans pro-health activities, taking into account anatomical and physiological conditions  account anatomical and physiological conditions  They learn to describe basic physiological mechanisms connected with physical effort. They learn to appreciate the importance of undertaking physical effort for their health. They demonstrate chosen technical elements of particular sports disciplines (to choose from: aerobic, judo, basketball, handball, athletics, volleyball, football, swimming, sking, tennis, table tennis, rowing and sailing). They learn to swim 50m in a chosen style. They organize, carry out and referee sports competitions. Students on a doctors leave: They carry out health improvement plan. They learn to appreciate the importance of undertaking physical effort. They learn to appreciate the importance of undertaking ophysical effort. They learn to appreciate the importance of undertaking physical effort. They learn to appreciate the importance of undertaking physical effort.
