

Subject card

Subject name and code	, PG_00065739						
Field of study	Recycling and Energy Recovery						
Date of commencement of studies	October 2024		Academic year of realisation of subject		2025/2026		
Education level	first-cycle studies		Subject group				
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	4		ECTS credits		2.0		
Learning profile	general academic profile		Assessment form		exam		
Conducting unit	Language Center -> Vice-Rector For Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Małgorzata Piechocińska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		0.0	30
Subject objectives	Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. It is concluded with the ACERT exam.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		is able to attend lectures, participate in seminars, lab classes in English		[SK4] Assessment of communication skills, including language correctness		
	[K6_K81] is able to cooperate in international team		international teamwork skills		[SK1] Assessment of group work skills		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		retrieves and uses information related to the profile of studies and academic environment on B2 level		[SU5] Assessment of ability to present the results of task		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		good communication on B2 level in everyday, academic and technical English		[SU1] Assessment of task fulfilment		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		ability to use grammar structures and vocabulary to communicate in general and technical (profile-related) English		[SW3] Assessment of knowledge contained in written work and projects		

Subject contents	Course content – exercises Vocabulary: Developing general knowledge of the language and introducing specialist terms and expressions used in the field of Raw Material and Energy Recovery Engineering. Practising complex lexical structures. Introducing basic terminology of mathematics and general engineering. Grammar: Developing B2/C1 level grammar structures essential for written and verbal communication. Writing: Practising skills in writing various formal and informal texts such as reports, emails, CVs, notes, instructions, descriptions of processes. Reading: Developing various reading techniques indispensable for dealing with general and professional texts. Listening: Developing listening comprehension skills necessary in workplace and everyday life situations such as telephone conversations, interviews, customer service communication, lectures and presentations. Speaking: Practising general and specialist language communication skills such as presenting arguments, solving problems, participating in case studies, holding formal and informal conversations and job interviews. Practising the correct pronunciation and intonation of expressions.		
Prerequisites and co-requisites	Before joining a language group, students are expected to be at level B1 or higher.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	speaking	60.0%	20.0%
	writing	60.0%	20.0%
	grammar and vocabulary tests	60.0%	60.0%
