

Subject card

Subject name and code	English Language, PG_00044181								
Field of study	Transport								
Date of commencement of studies	October 2024		Academic year of realisation of subject			2025/2026			
Education level	first-cycle studies		Subject group						
Mode of study	Full-time studies		Mode of delivery			at the university			
Year of study	2		Language of instruction			English			
Semester of study	4		ECTS credits			2.0			
Learning profile	general academic profile		Assessment form			assessment			
Conducting unit	Language Center -> Vice-Rector For Education								
Name and surname	Subject supervisor		mgr Małgorzata Strach-Drabina						
of lecturer (lecturers)	Teachers								
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Projec	:t	Seminar	SUM	
	Number of study hours	0.0	30.0	0.0			0.0	30	
	E-learning hours inclu	ıded: 0.0							
Learning activity and number of study hours	Learning activity	Participation in classes include plan		Participation i consultation h			udy	SUM	
	Number of study hours	30		7.0		23.0		60	
Subject objectives	Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. It is concluded with the ACERT exam.								
Learning outcomes	Course outcome [K6_K81] is able to cooperate in international team		Subject outcome			Method of verification			
			Ability to communicate and cooperate in teams.			[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness			
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Successful communication in an academic environment. Understanding of speeches and lectures.			[SK4] Assessment of communication skills, including language correctness			
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Understanding of various texts, including technical and specialist literature. Translation of short technical texts. Preparation of short presentations. Writing formal letters, CVs, covering letters and summaries of specialist texts.			[SW2] Assessment of knowledge contained in presentation			
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		Ability to prepare a description of a process, a diagram, a figure, an instruction and so on.			[SU5] Assessment of ability to present the results of task			
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Successful communication in daily life and in an academic and professional environment.			[SU5] Assessment of ability to present the results of task

Course content – exercises Subject contents Vocabulary: Deepening knowledge of basic and specialist terms and expressions used in technical and academic language as well as the language of work. Exercises concerning lexical structures, describing the physical properties of materials, shapes, basic mathematical terminology, interpreting figures and diagrams, and explaining processes. Introduction of specialist language in the field oftransport. Grammar: Using grammar appropriate to the given language level. Learning of structures essential for written and verbal communication in academic and professional environments. Writing: Practising skills in writing various texts essential in academic and work environments, including: reports, CVs, emails, summaries, notes, abstracts, instructions and descriptions of processes. Reading: Deepening reading comprehension of original academic and professional texts. Listening: Developing listening comprehension skills concerning workplace, academic and everyday life situations, such as: telephone conversations, interviews, customer service, lectures and presentations. Speaking: Practising communication skills in academic and work environments, such as: the giving of presentations, job interviews, formal and informal conversations, negotiating, presenting arguments, solving problems, participating in case studies, conducting formal meetings, etc. Practising the correct pronunciation and intonation of expressions. Before joining a language group, students are expected to be at level B1 or higher.. Prerequisites and co-requisites Assessment methods Percentage of the final grade Subject passing criteria Passing threshold and criteria writing 60.0% 20.0% 60.0% 60.0% tests class participation/speaking 60.0% 20.0%
