

Subject card

Subject name and code	DIPLOMA PROJECT 2, PG_00070914						
Field of study	Economic Analytics						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2028/2029		
Education level	first-cycle studies		Subject group		Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Part-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		Polish		
Semester of study	6		ECTS credits		10.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Department of Informatics In Management -> Faculty of Management and Economics -> Faculties of Gdańsk University of Technology						
Name and surname of lecturer (lecturers)	Subject supervisor		dr inż. Anna Trzaskowska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	36.0	0.0	36
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	36		3.0		211.0	250
Subject objectives	preparing students for the independent completion of a diploma (thesis) project through critical analysis of the research problem, integration of data from multiple sources, and formulation of well-founded conclusions, while fostering responsibility for the quality of research.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K6_U06] acquires specialized knowledge in the field of economic analytics, demonstrating the ability to effectively plan individual work and pursue lifelong learning.	is able to independently acquire and deepen specialist knowledge in the field of economic analytics for the purposes of completing a diploma project, planning and organizing the data analysis process, systematically improving research skills, and developing competencies within lifelong learning.	[SU2] Assessment of ability to analyse information [SU4] Assessment of ability to use methods and tools [SU5] Assessment of ability to present the results of task
	[K6_K03] is prepared to critically assess the knowledge they possess, which is necessary for solving cognitive and practical problems, and to supplement any gaps with opinions from external experts.	is prepared to critically evaluate their own knowledge in the process of analyzing a research problem and interpreting the results of economic studies, particularly by identifying the limitations of the adopted methods and data, and by drawing on feedback from the project supervisor to improve the quality of the diploma (thesis) project.	[SK2] Assessment of progress of work [SK5] Assessment of ability to solve problems that arise in practice
	[K6_W04] possesses advanced knowledge of the principles of creative and entrepreneurial activity, enabling the identification and implementation of innovative ideas while ensuring compliance with copyright protection requirements.	knows and understands advanced methods of data analysis and interpretation of economic research results, including principles of inference, evaluation of source quality, and requirements related to copyright and intellectual property protection in the process of developing and presenting the results of a diploma (thesis) project.	[SW3] Assessment of knowledge contained in written work and projects
Subject contents	Course content – project 1. Conducting an empirical analysis using selected methods and analytical tools 2. Verifying research hypotheses and interpreting results with reference to fundamental economic theories 3. Relating obtained results to the relevant literature and indicating their significance for the analyzed problem 4. Formulating conclusions based on the conducted analyses 5. Developing practical recommendations addressing the identified research problem		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Presentation	60.0%	15.0%
	Diploma project	60.0%	85.0%
Recommended reading	Basic literature	Literature agreed upon with the project supervisor, consistent with the projects subject area	
	Supplementary literature	Literature agreed upon with the project supervisor, consistent with the projects subject area	
	eResources addresses		
Example issues/ example questions/ tasks being completed	Not applicable		
Practical activities within the subject	Not applicable
