

Subject card

Subject name and code	Technical English 1, PG_00058630						
Field of study	Power Engineering, Power Engineering						
Date of commencement of studies	October 2025	Academic year of realisation of subject				2026/2027	
Education level	first-cycle studies	Subject group					
Mode of study	Full-time studies	Mode of delivery				at the university	
Year of study	2	Language of instruction				English	
Semester of study	3	ECTS credits				4.0	
Learning profile	general academic profile	Assessment form				assessment	
Conducting unit	Language Center -> Vice-Rector For Education						
Name and surname of lecturer (lecturers)	Subject supervisor	mgr Agnieszka Kamińska					
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	60.0	0.0	0.0	0.0	60
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study		SUM
	Number of study hours	60	0.0		0.0		60
Subject objectives	<p>Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study.</p> <p>It is concluded with the ACERT exam in the last semester of English.</p>						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language	Students understand the lectures run in English and can communicate the necessary information in the academic discussions			[SK2] Assessment of progress of work [SK4] Assessment of communication skills, including language correctness		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	Students can communicate effectively in the academic and professional environment in the formal or informal way adequately			[SU1] Assessment of task fulfilment [SU3] Assessment of ability to use knowledge gained from the subject		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)	Students can search for and use the information concerning their professional and academic environment and extend their knowledge on the basis of the information found.			[SU1] Assessment of task fulfilment		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	Students understand instructions and specialised texts. They can write formal letters and reports. They can communicate effectively in different professional situations.			[SW3] Assessment of knowledge contained in written work and projects		

Subject contents	<p>Course content – exercises</p> <p>Vocabulary: Developing general knowledge of the language and introducing specialist terms and expressions used in the field of Power Engineering. Practising complex lexical structures. Introducing basic terminology of mathematics and general engineering.</p> <p>Grammar: Developing B2/C1 level grammar structures essential for written and verbal communication.</p> <p>Writing: Practising skills in writing various formal and informal texts such as reports, emails, notes, instructions, descriptions of processes.</p> <p>Reading: Developing various reading techniques indispensable for dealing with general and professional texts.</p> <p>Listening: Developing listening comprehension skills necessary in workplace and everyday life situations such as telephone conversations, interviews, customer service communication, lectures and presentations.</p> <p>Speaking: Practising general and specialist language communication skills such as presenting arguments, solving problems, participating in case studies, holding formal and informal conversations and job interviews. Practising the correct pronunciation and intonation of expressions.</p>														
Prerequisites and co-requisites	Before joining a language group, students are expected to be at level B1 or higher.
