

Subject card

Subject name and code	English Language, PG_00044516						
Field of study	Transport						
Date of commencement of studies	October 2024		Academic year of realisation of subject		2026/2027		
Education level	first-cycle studies		Subject group				
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		English		
Semester of study	5		ECTS credits		2.0		
Learning profile	general academic profile		Assessment form		exam		
Conducting unit	Language Center -> Vice-Rector For Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Małgorzata Strach-Drabina				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		0.0	30
Subject objectives	Development and consolidation of English language command in a technical environment, including reading, speaking, listening, writing and translation related to study field and specialism. The course ends with an exam.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Successful communication in general and professional language.		[SW2] Assessment of knowledge contained in presentation		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		Successful communication with fellow professionals, colleagues, trainers and customers in an international environment with regard to cultural differences.		[SU3] Assessment of ability to use knowledge gained from the subject [SU2] Assessment of ability to analyse information		
	[K6_K81] is able to cooperate in international team		Ability to communicate and cooperate in an international group.		[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Successful communication in daily life and in an academic and professional environment.		[SU3] Assessment of ability to use knowledge gained from the subject [SU2] Assessment of ability to analyse information		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Understanding technical texts and instructions. Translating and summarising short technical texts. Preparing presentations. Comprehension of longer speeches and lectures.		[SK4] Assessment of communication skills, including language correctness		

Subject contents	Course content – exercises Vocabulary: Deepening knowledge of basic and specialist terms and expressions used in technical and academic language as well as the language of work. Exercises concerning lexical structures, describing the physical properties of materials, shapes, basic mathematical terminology, interpreting figures and diagrams, and explaining processes. Introduction of specialist language in the field of environmental engineering. Grammar: Using grammar appropriate to the given language level. Learning of structures essential for written and verbal communication in academic and professional environments. Writing: Practising skills in writing various texts essential in academic and work environments, including: reports, CVs, emails, summaries, notes, abstracts, instructions and descriptions of processes. Reading: Deepening reading comprehension of original academic and professional texts. Listening: Developing listening comprehension skills concerning workplace, academic and everyday life situations, such as: telephone conversations, interviews, customer service, lectures and presentations. Speaking: Practising communication skills in academic and work environments, such as: the giving of presentations, job interviews, formal and informal conversations, negotiating, presenting arguments, solving problems, participating in case studies, conducting formal meetings, etc. Practising the correct pronunciation and intonation of expressions.												
Prerequisites and co-requisites	A student applying to be admitted to a group at a given level knows the vocabulary range and grammar structures required after finishing the lower level of language competence, as stated in the Common European Framework of Reference for Languages.
