GDAŃSK UNIVERSITY OF TECHNOLOGY

Subject card

Subject name and code	English Language III, PG_00065647		
Field of study	Mechanical Engineering		
Date of commencement of studies	October 2024	Academic year of realisation of subject	2026/2027
Education level	first-cycle studies	Subject group	
Mode of study	Full-time studies	Mode of delivery	at the university
Year of study	3	Language of instruction	Polish
Semester of study	5	ECTS credits	2.0
Learning profile	general academic profile	Assessment form	assessment
Conducting unit	Language Center -> Vice-Rector For Education		
Name and surname of lecturer (lecturers)	Subject supervisor	mgr Witold Zbirohowski-Kościa	
	Teachers		

Lesson types

Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
Number of study hours	0.0	30.0	0.0	0.0	0.0	30

E-learning hours included: 0.0

Learning activity and number of study hours

Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM
Number of study hours	30	0.0	0.0	30

Subject objectives

Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. The course concludes with a mandatory examination at a minimum level of B2, which offers the possibility of obtaining the ACERT certificate.

Learning outcomes

Course outcome	Subject outcome	Method of verification
[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language	understands lectures, seminars, and laboratory exercises conducted in English	[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills
[K6_K81] is able to cooperate in international team	is able to communicate in English in an international team	[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness
[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)	is able to acquire and processes information in English at the B2 level regarding the field of study and the academic environment	[SU2] Assessment of ability to analyse information [SU5] Assessment of ability to present the results of task
[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	Knows the grammatical structures and vocabulary necessary to communicate in a foreign language in general situations, and in a specialized language related to the field of study.	[SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects
[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	Is able to communicate in a foreign language correctly at B2 level in everyday life situations and in academic and professional environments.	[SU2] Assessment of ability to analyse information [SU5] Assessment of ability to present the results of task

Subject contents	Course content – exercises **Vocabulary:** Developing general knowledge of the language and introducing specialist terms and expressions used in the field of Design and Production Engineering**.** Practising complex lexical structures. Introducing basic terminology of mathematics and general engineering. **Grammar:** Developing B2/C1 level grammar structures essential for written and verbal communication. **Writing:** Practising skills in writing various formal and informal texts such as reports, emails, CVs, notes, instructions, descriptions of processes. **Reading:** Developing various reading techniques indispensable for dealing with general and professional texts. **Listening:** Developing listening comprehension skills necessary in workplace and everyday life situations such as telephone conversations, interviews, customer service communication, lectures and presentations. **Speaking:** Practising general and specialist language communication skills such as presenting arguments, solving problems, participating in case studies, holding formal and informal conversations and job interviews. Practising the correct pronunciation and intonation of expressions. Students with English language proficiency at level C1 or higher, can complete their language course by selecting the **academic-technical profile** with following curriculum: Semester 1: Academic and Technical English Semester 2: Academic and Technical English Semester 3: International Communication in Practice Semester 4: ACERT C1 exam preparation and practice Students with English language proficiency at level C1 or higher, can also complete their language course by participating in **language clubs** or events organized as part of **Cafe Lingua**. The sole exception is the final semester, which prepares students for the final ACERT exam.

Cel przedmiotu

Opanowanie przez studentów języka angielskiego na poziomie B2 lub C1. Kurs obejmuje treści ogólne oraz inżynierskie, a także elementy języka specjalistycznego zgodnego z kierunkiem studiów. Lektorat zakończony jest obowiązkowym egzaminem na poziomie minimum B2, który daje możliwość uzyskania certyfikatu ACERT.</td></tr>
