GDAŃSK UNIVERSITY OF TECHNOLOGY

Subject card

Subject name and code	Diploma/Final Dissertation, PG_00058959		
Field of study	Environmental Engineering		
Date of commencement of studies	October 2023	Academic year of realisation of subject	2026/2027
Education level	first-cycle studies	Subject group	
Mode of study	Full-time studies	Mode of delivery	at the university
Year of study	4	Language of instruction	Polish
Semester of study	7	ECTS credits	20.0
Learning profile	general academic profile	Assessment form	assessment
Conducting unit	Department of Environmental Engineering Technology -> Faculty of Civil and Environmental Engineering -> Faculties of Gdańsk University of Technology		
Name and surname of lecturer (lecturers)	Subject supervisor	dr inż. Magda Kasprzyk	
	Teachers		

Lesson types

Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
Number of study hours	0.0	0.0	0.0	0.0	0.0	0

E-learning hours included: 0.0

Learning activity and number of study hours

Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM
Number of study hours	0	10.0	495.0	505

Subject objectives

Preparation of an independent engineering thesis, summarizing the knowledge and skills acquired during the course of study, and forming the basis for applying for an engineering degree.

Learning outcomes

Course outcome	Subject outcome	Method of verification
[K6_U16] can, when formulating and solving engineering tasks in environmental engineering, evaluate, select and apply appropriate methods and tools, recognize their non-technical aspects, including environmental, economic and legal aspects	The student is able to select and apply appropriate methods and tools to solve an engineering problem in the field of environmental engineering, taking into account environmental, economic, and legal aspects.	[SU3] Assessment of ability to use knowledge gained from the subject [SU2] Assessment of ability to analyse information [SU4] Assessment of ability to use methods and tools [SU1] Assessment of task fulfilment
[K6_W17] has a structured and in-depth knowledge of environmental engineering as part of the diploma profiles offered	The student has in-depth knowledge of a selected area of environmental engineering corresponding to the diploma profile.	[SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects
[K6_U01] has the ability to self-education, can obtain information from literature, databases and other sources, uses information technology, Internet resources; can integrate the obtained information, make their interpretation, as well as draw conclusions and formulate and justify opinions	The student is able to independently obtain and integrate information from various sources and use it in engineering analysis.	[SU4] Assessment of ability to use methods and tools [SU2] Assessment of ability to analyse information
[K6_U03] can prepare documentation regarding the implementation of an engineering task/project and prepare a text or presentation including a discussion of the results of the implementation	The student is able to develop technical and substantive documentation and prepare a presentation of the results of their thesis.	[SU5] Assessment of ability to present the results of task

Subject contents

Prerequisites and co-requisites

Completion of all compulsory major subjects, completion of professional internship, and possession of the competence to independently perform engineering tasks.

<table>
<tr><td>Assessment methods and criteria</td><td colspan="3"><table><tr><th>Subject passing criteria</th><th>Passing threshold</th><th>Percentage of the final grade</th></tr><tr><td>evaluation of a thesis</td><td>0.0%</td><td>100.0%</td></tr></table></td></tr>
<tr><td rowspan="3">Recommended reading</td><td>Basic literature</td><td colspan="2">Suitable for the subject area of the thesis.</td></tr>
<tr><td>Supplementary literature</td><td colspan="2">Suitable for the subject area of the thesis.</td></tr>
<tr><td>eResources addresses</td><td colspan="2"></td></tr>
<tr><td>Example issues/ example questions/ tasks being completed</td><td colspan="3"></td></tr>
